UCSC PARKING LOT INFORMATION

Parking Regulations
• Regulations are enforced 24 hours a day, seven days a week, including finals week, quarter breaks, and summer.
• Each parking lot entrance sign lists the types of permits allowed there, as well as the hours when those permits are required.
• Advance permission from University Police is necessary to load or unload a vehicle outside of a marked space. Vehicles without parking permits will be towed at the owner’s expense.
• Parking is prohibited outside of marked spaces.
• Parking at non-functioning meters is not allowed. Parking is allowed at non-functioning pay stations only for the maximum time posted on each machine.
• In general, permits are not required on the main campus during University holidays (see http://gps.ucsc.edu/parking/park-free.html) with the following exceptions:
  - on weekends when permits are required at all times
  - in posted restricted parking spaces
  - when parking attendants are present during a special event

Parking is not Guaranteed
Purchase of a permit does not guarantee a parking space in a specific parking lot. Inability to find a vacant parking space is not justification to park illegally. Notes left on vehicles do not constitute permission to violate parking regulations.

How to Display Your Parking Permit
Your permit can be displayed with the front facing out on the rearview mirror, face up on the driver’s side of dashboard, or face out in a windshield sleeve. All parts of your permit should be visible to Parking Enforcement.

How to Display Your Parking Permit
Your permit can be displayed with the front facing out on the rearview mirror, face up on the driver’s side of dashboard, or face out in a windshield sleeve. All parts of your permit should be visible to Parking Enforcement. Enforced from outside the vehicle: permits displayed with information covered or blocked on the dashboard or by window tinting may be subject to citation.

Disability-Related Parking
UC Santa Cruz has two types of parking spaces for those who have disability-related parking needs: standard and van-accessible disabled (or DMV) parking spaces, and Medical spaces. 

Medical spaces are standard-sized parking spaces intended for those who need close-in parking due to a medical condition, but who don’t require the extra space provided by DMV-disabled parking spaces.

If you have a DMV placard or plates, you may park in Medical, A, and DMV spaces. Employees and students with disabilities also apply for UCSC parking permit with their DMV placard or plates.

If you have a UCS Medical permit, you can park in Medical, A, and DMV spaces. California’s Federal law prohibits anyone without a DMV placard from parking in DMV-disabled parking spaces.
